

Q4 2014 Promotions

Inspiring award winning performances - Headset promotions from Sennheiser. Sennheiser creates headphones for star DJs and microphones for the world's most popular artists so whether you're a world-class DJ, an international singer or an office star, trust Sennheiser to help you deliver an award-winning performance.

Wired Headset Promotions

- **Free standard bottom cable when you purchase any Sennheiser wired headset***

Sennheiser have brought all their audio expertise and unified it into producing premium headsets for high performing professionals. Whether you're in a call centre or office, trust the most reliable and premium audio equipment to enhance productivity and performance. When you purchase any Sennheiser headset we'll throw in the bottom cable you need for the headset to connect to your desk phone at no extra cost.

* Standard cables include CSTD 01/08/24.

- **For every 10 Sennheiser wired headsets purchased get a free SC 30 USB CTRL UC headset sample**

Use the SC 30 USB CTRL headset to make conference calls via the soft phone on your PC and you'll soon discover all the ways it helps you to perform. Approved by Microsoft, Culture™ offers unsurpassed HD voice clarity for a natural listening experience. Get the SC 30 USB CTRL (Manufacturer code 504548) when you purchase any headset from the CC, SH and SC 200 series.

Wireless Headset Promotions

- **Free handset lifter (HSL 10) or an EHS-cable when you buy any DW system**

The HSL 10 handset lifter or applicable Electronic Hook Switch (EHS) cable for your phone system completes the wireless package when used with a DW headset. With either of these you can conveniently answer calls and hang up while away from your desk with the push of a single button.

- **Buy a spare headset for our DW wireless series and get a charger FOC**

The DW Series offers superb sound quality and the ability to pair up to 4 headsets to one base, so setting up conference calls is easy. Designed for desk sharing or in shift work environments such as emergency centres or call centres, Sennheiser CH 10 is a dedicated alternative to base station charging so you can have more than one headset dedicated to a base station. (CH 10 Manufacturers Code: 504366. Headsets: 504324/504325/504326).
